

▶ **The Bakersfield Golden Empire Chapter** recently hosted the first annual youth career fair, targeting 7th through 10th grade students. The chapter partnered with a local church, St. John Educational Council, to host the event. There were over 30 students who came to learn about different careers, from engineering, agricultural, natural wildlife, architecture, and information technology to name a few. The Assistant Superintendent of Instruction from the Kern High School District gave words of inspiration and a government representative presented the chapter with certificates of recognition from the Senate and Congress. We received snack donations and raffle prizes for the students. In addition, the feedback was positive from all who attended. We look forward to next year's event.
